

## ASTERTEC OY

Astertec Oy is a dynamic and creative Finnish company that supplies the latest ideas, product innovations and attractions to customers operating water parks and other leisure businesses.

Established in 1999 Astertec has focused on the aquatic industry since 2003. In addition to consultation and equipment supply to existing water parks, the company also plans, designs and constructs new water parks together with its highly professional partner network.

Astertec operates in Scandinavia and the Baltic countries. Astertec is distributor to POLIN, one of the leading water slide manufacturers in the world. Another key partner is the Swedish water attraction company RECREA. We also supply children's playgrounds (both indoor and outdoor) and safety tiles for the public and private sectors. In this market we are representatives for the FloPark, Granuflex and Metaloidas brands.

Customers appreciate Astertec's capability to provide attractive solutions that combine the best quality with very competitive prices, which has lead to close and lasting relationships. Customer satisfaction has high priority for Astertec as its success goes hand in hand with that of its clients.

All the companies Astertec co-operates with have certified quality management systems. Every product used in Astertec's projects complies with EN standards and have been tested by TÜV. Safety is our highest priority.

## REFERENCES

### **Tropiclandia, Vaasa - FINLAND**

In early 2005, Astertec Oy delivered a complete outdoor water park to Wasalandia Oy. This included five waterslides (space boat, two multislides, freefall and a surfing hill) and animation slides for the children's pool. The water circulation and filtration systems were also supplied by Astertec.

[www.tropiclandia.fi](http://www.tropiclandia.fi)

**Serena, Espoo - FINLAND**

In spring 2006 Astertec installed two extreme water slides at Serena Aquapark. The Half Pipe is 25 m wide and its freefall height is 13 m. The Half Pipe is the only one of its type in Finland and the second to be constructed in the whole of Northern Europe. Serena indoor –waterpark was supplied with a new giant waterslide in early 2007.

[www.serena.fi](http://www.serena.fi)

**Puuhamaa, Tervakoski - FINLAND**

The amusement park Puuhamaa was supplied with a 70m long Rafting water slide (which starts as a Black hole slide), Aquatower (interactive water play center) and two kids animation attractions (Elephant ja Snake). Delivery was in spring 2006.

[www.puuhamaa.fi](http://www.puuhamaa.fi)

**JukuJukuMaa, Kalajoki - FINLAND**

In spring 2004, Astertec Oy delivered to JukuJukuMaa outdoor water park two Freefall water slides. In spring 2005 JukuJukuMaa placed another order for a FloPark Zone 4 outdoor play center.

[www.hiekkasarkat.fi/](http://www.hiekkasarkat.fi/)

**Visulahti, Mikkeli - FINLAND**

To Visulahti outdoor waterpark, Astertec delivered a Polin Aquatower and the children's animation attractions Elephant and Mushroom, in spring 2004. The following year, Visulahti acquired a FloPark Galaktos 2070 play centre from Astertec.

[www.visulahti.fi](http://www.visulahti.fi)

**Kesämaa, Punkaharju - FINLAND**

Kesämaa, an outdoor water park, ordered a Polin rafting slide from Astertec. According to the customer survey, it is now the most popular attraction in the park (the survey was carried out in 2006).

[www.kesamaa.fi](http://www.kesamaa.fi)

**Kiannon kuohut, Suomussalmi - FINLAND**

During winter 2005 Astertec installed the spa 'Kiannon kuohut', a complete FloPark indoor play centre.

<http://www.scandic-hotels.fi/kiannonkuohut>

**Vantaa Gym Club, Vantaa – FINLAND**

**POLIN**

POLIN, founded in Turkey in 1976, has grown to become a leading company in the design, manufacture, installation and operation of water parks.

POLIN's projects range in size from small installations to some of the world's largest ones. This company has completed some of the biggest water parks of Europe, Africa and Russia. No matter how large or small the project is, POLIN is committed to providing the same superior service.

POLIN, together with its local distributor partners, guides each project from concept to completion. From the initial design to start-up, the partners take care of everything. Every aspect of the project including planning, engineering, manufacturing and installation is undertaken in house.

Europe's biggest water park, Aquarena in Budapest, Hungary and Africa's biggest water park in Hurghada, Egypt have been installed by POLIN. POLIN also installed Europe's longest waterslide in Rossano Italy and Europe's longest multi-slide in Prague, Czech Republic. Also, POLIN has started to sell waterslides to the USA which makes it the only European waterslide manufacturer who sells waterslides to the USA market.

With over 30 years of industry experience, POLIN guarantees to provide years of excitement, entertainment, performance and safety. In more than 70 countries worldwide, you can have complete confidence in the quality of POLIN's products that you purchase.

POLIN is now one of the few waterslide manufacturer companies who have the ISO 9001-2000 certificate. All of POLIN's products are compatible with EN 1069 and pass the TUV test in Germany to where POLIN sells intensively and fulfills the very strict standards they apply to check quality.

POLIN is also a member of the IAAPA, World Waterpark Association (WWA) and the European Waterpark Association (EWA).

POLIN's products are the primary choice for those who are fond of fun and look for the best quality, best service and the maximum safety at the best possible prices.

More information: please see POLIN's web site [www.polin.com.tr](http://www.polin.com.tr)

## **FLOPARK (FLOTEKS)**

Located in Bursa, FLOTEKS is the biggest rotational moulder in Turkey. Established in 1978, the company is in the rotational moulding industry with a turnover of about 7 million Euros, processing about 1,500 tons of polyethylene per year. About half of the company's turnover is to the Automotive Industry with customers such as Mercedes Benz, Peugeot, New Holland etc. Playgrounds are the second biggest product group, which makes up about 20% of total production. Custom products and food tanks make up the rest of the turnover.

Starting with very small playgrounds, FloPark has worked its way up to 5 different lines of playgrounds from the smallest to the biggest, with over 70 products.

With experienced staff, safety certificates from ISO and TUV Rheinland, high quality and very competitive prices, FloPark is able to export playgrounds to about 20 countries, from Singapore to Finland.

FloPark uses high quality plastic components in its playgrounds. With their modular design, these components can be used to form an infinite number of playgrounds. More information: please see FloPark's web site [www.flopark.com.tr](http://www.flopark.com.tr)

\*\*\*\*\*

Astertec Oy can also offer other equipment like wave machines, wave balls, flowriders, sprayparks, tubes, rafts & mats, inflatables and safety tiles to waterparks, amusement parks, spas, recreation centres, hotels, swimming halls, fitness centers, shopping centers, municipalities etc.
